Dubai, UAE | sinanpinju@gmail.com | +971-XXXX | www.linkedin.com/in/mohammed-sinan276224 | www.sinanpinju.com

PROFESSIONAL SUMMARY

Results-driven UI/UX Designer with 4+ years of experience crafting user-centered digital interfaces, branding visuals, and social media creatives. Proficient in Figma, Adobe Creative Suite, and modern design workflows with working knowledge of frontend development. Currently based in Dubai, delivering high-quality design solutions for diverse clients across the Middle East and India.

WORK EXPERIENCE

UI/UX Designer

2025 – Present

Adspro Designing LLC — Dubai, UAE

- Design and deliver UI/UX layouts for web and mobile applications, ensuring consistency across digital platforms
- Create social media creatives and branding visuals for clients across diverse industries
- Collaborate with cross-functional teams including developers and marketing to translate business requirements into intuitive design solutions
- Develop brand identity systems including logos, color palettes, and typography guidelines using Figma and Adobe Illustrator

UI/UX Designer

2024 – 2025

Exouzia Beyond the Limit LLP — Pattambi, Kerala, India

- Designed modern UI interfaces and interactive prototypes for web and mobile platforms using Figma
- Created branding materials and marketing visuals that improved client social media engagement
- Collaborated with development teams to ensure design feasibility and pixel-perfect implementation
- Produced wireframes, user flows, and high-fidelity mockups for client projects

Digital Marketing Executive

2023 – 2024

British Academy The Coach — Kottakkal, Kerala, India

- Managed digital marketing campaigns and social media content strategy for a spoken English academy
- Designed promotional graphics, posters, and digital advertisements to drive student enrollment
- Handled social media account management across multiple platforms, increasing online visibility
- Created visually engaging marketing materials using Canva and Adobe Photoshop

Freelance UI / Graphic Designer

2021 – 2023

Self-Employed — Kerala, India

- Delivered 20+ design projects for clients including UI layouts, brand identities, and social media graphics
- Designed responsive website mockups and landing pages for small businesses and startups
- Managed end-to-end design process from client briefing to final delivery
- Built a strong portfolio resulting in repeat clients and referrals

KEY PROJECTS

Smart Inventory & Expiry Alert System — Full-stack web app (React, Node.js, MongoDB) for supermarket stock management with barcode scanning, expiry alerts, and automated PDF reports.

HireLens — AI-powered interview and resume analysis platform (React, Supabase, Google Gemini AI) with scoring, feedback, and dark mode UI.

Portfolio Website — Personal portfolio built with HTML5, Tailwind CSS, and vanilla JavaScript featuring scroll animations, responsive design, and project showcases.

British Academy Website — Business website for a spoken English academy with SEO optimization, structured data (Schema.org), and responsive design.
